ATTACK ELECTRIC EASY

Technical data

Parameter	Unit	Electric Easy 8
Rated heat output	kW	7.5
Boiler efficiency	%	99
Rated current	A	3×12 / 1×36
Degree of electrical protection	IP	40
Supply voltage	V	3×230/400 V + N + PE/50 Hz; 1×250 V + N + PE/50 Hz
Maximum rated current	A	3×16 / 1×40
Main electrical circuit breaker	A	3×16 / 1×40
Control fuse rated current	A	0.315
Relay electrical life	—	250,000 cycles, 16 A, 250 V
Heating-water inlet / outlet	G	3/4″ male thread
Minimum operating pressure of the heating system	bar	0.4
Maximum operating pressure of the heating system	bar	3
Maximum heating-water temperature	°C	80
Water volume of the complete boiler	l	5.8
Expansion vessel	l	not included with the boiler
Boiler weight	kg	19
Dimensions (width × height × depth)	mm	370×625×225
